Do you or anyone in your household have a compromised immune system through any cause whatsoever?	Y / N
Do you or anyone in your household have any other underlying conditions that place you at a higher risk should you contract Covid-19?	Y / N

UNDERSTANDING THE RISKS ASSOCIATED WITH MOVING HOME DURING THE COVID-19 PANDEMIC:

Because the Coronavirus is new and all the means of transmission are as yet unknown, besides that the virus is highly contagious, no guarantee can be given that you will not contract the disease during a household or office move. As a result, precautions must be taken to prevent the transmission of Covid-19 according to published regulations and to the best of our knowledge and abilities. All parties are to follow all regulations as published at the time that the moving service is rendered. Although we are able to sanitise the vehicle and equipment such as trolleys, it is not feasible to sanitise all wrapping materials used by all parties to protect goods in transit, such as blankets, bubble-wrap, arothene, boxes, etc. For this reason, we encourage you to clean/sanitise all surfaces and items transported during the moving service after all handling has been completed. We recommend that all members of your household be fully inoculated before undertaking a household move. Our crews and management are likewise fully inoculated, and we will take all care to ensure that the proper distancing is observed for any at-risk individuals.

CLIENT REGULATIONS TO BE FOLLOWED AT ALL TIMES:

- All windows and doors are to be fully opened, to ensure maximum ventilation of all areas where work is to be performed
- Wearing of masks is compulsory throughout the duration of the service
- Regular washing of hands / use of hand sanitiser (before and after touching any item to be handled by the moving crew, doorhandles and common surfaces)
- Maintaining a distance of at least two (2) metres from any worker or the removals truck, equipment, etc. Please observe from a distance
- The client is requested to remain outside rooms/areas in which the team is working, only two individuals may occupy a room at any time,
- Any member of the household that may be at greater risk through contracting Covid-19, who is not fully inoculated, may not be present during the move.
- Any member of the household that exhibits any symptoms as listed above, or whose temperature is above the threshold, may not be present for the move.
- Sanitising of surfaces and items carried/handled, or frequently touched, is the responsibility of the client.

INDEMNITY FOR MOVING SERVICES:

I, _____ (Full name), ID: _____, hereby fully indemnify Orkney Transport (Pty) Ltd (T/A O.T. Furniture Removals), to provide moving services as detailed herein and according to their quoted terms and conditions. I hereby also confirm that all restrictions and regulations will be adhered to in full by myself and all members of my household during the rendering of these services. I also take full responsibility for all sanitisation of all surfaces and items and the general safety of myself and the members of my household. I confirm that I have a full understanding of the risks and the recommendations contained in this document. Should the client be unable to satisfy management that all necessary precautions have been taken, Orkney Transport have the right to cancel their service with immediate effect. Should moving services be cancelled, I, as the client, may have to forfeit my deposit in full, without any recourse.
